Dependency Health Services is committed to providing effective and affordable treatment to individuals and families suffering from the disease of addiction. We are licensed by the Division of Alcohol and Substance Abuse to provide assessment, treatment and prevention services to adults and youth in **Yakima** and **Klickitat Counties**. We forge close working relationships with other agencies and professionals in the community to achieve our mission.

All assessment and treatment services are kept strictly confidential.

Outpatient Services

We provide a range of outpatient treatment services with day and evening services. We also provide weekend services depending on demand. Our programs provide quality care while allowing the patient to protect employment and family obligations. Group days and times are planned to accommodate the needs of our patients.

DUI/Deferred Prosecution

For those persons facing a Driving Under the Influence or other alcohol/drug related charge, Dependency Health Services has programs designed to meet court requirements, reinstate driving privileges and restore the health and dignity of the patient.

Treatment for Co-Occurring Disorders

Frequently individuals suffer from both a substance use disorder as well as a mental illness, such as depression or anxiety disorders.

We are able to provide fully integrated treatment that addresses both the chemical dependency and the mental health issues simultaneously leading to improved treatment success and a higher quality of life for participating clients.

Detoxification & Integrated Crisis Center

We will provide Detoxification and Crisis services for alcohol and other drug intoxication and withdrawal for youth and adults. Residential crisis stabilization or respite from primary living situation for youth ages 13 to 17. Although we encourage family involvement, youth may access these services without parent/guardian permission if necessary.
